

GLADES AFFAIRS

It is just a year since Herbert Hoover as the guest of Governor Carlton made a tour of the upper Everglades. Ten days after his visit to the Lake Okeechobee region he was inaugurated president of the United States. In the Everglades News of February 22, 1929 the story that described his visit was headed: "Hoover Came To Lake; Residents Grateful, But Wait and Wonder." The residents of the Lake Okeechobee region are still grateful for Mr. Hoover's interest and they are wondering what the outcome will be.

Abandonment of a section of Ocean boulevard will be voted on next month. Ocean boulevard is a district road, like some of the other so-called county roads; it is not a toll road. The abandonment will be carried out by the county board of supervisors. It will be closed because persons who have before have no interest in roads are canvassing the county and working for the abandonment. Many of the persons who were so noisy in opposition two years ago have submitted contentions that there will be a story about Ocean boulevard later, as a result of the canvassing, the county will write in future years.

Deposits in the Bank of Pahokee range around \$340,000. This is more money than the bank ever had on deposit at this time of year, not so much as the \$425,000 in the spring of 1928 but that \$425,000 was attained after the tomato crop was marketed. If the 1929 tomato crop is as good as the 1928 crop was the Bank of Pahokee deposits will break the record.

The upper Everglades is in pretty good shape but probably not in good shape as it was some time ago, for the hurricane and flood in the fall of 1928 set the country back. Red says the relief government loans aided the country through in 1929 and more money was borrowed in 1930 than in 1929 and not all has been repaid. The 1929-30 season is the best season for the Everglades ever had. The end of the income is still having a good effect on individuals. Nobody knows any better than the Glades bean growers that business conditions are rotten here in the north, the relatively low price of beans shows that the buying power in the north has suffered. The lack of

Sachmen for shares in airplane attachment patent and like that needn't rush in here expecting to collect big commissions on sales because \$100,000 is a big sum in the Bank of Pahokee. Farmers who have been in the bank know they will need the money for drainage taxes and for other and pump money. They will need the thrill of possessing a stock certificate, unless a certificate is issued, the money can be borrowed on the bank.

A line of talk about erection of a big sugar mill at Canal Point has a sobering effect on the upper Everglades. Being amounting to a conviction is settled that the line of least resistance for the development of the upper Everglades is the production of the partly vegetables in the "tough zone" of temperature-odd where it is too cold to grow beans in mid-winter and not the grove, grove taxes are as high as in the water-protected section. The upper Everglades has about the same white population now that can be supported by the tender vegetables. If the country is to get more white population it will have to be by utilizing the "back-odd" land for onions, cabbage, carrots, celery, beans, spinach and other frost-tender vegetables, more corn and peanuts, grown by resident farmers.

Some things that impress some persons favorably may be exactly the things that make a bad impression on others. In the case of the cane harvesting machine. A successful cane harvesting machine will save labor; but it does not delight retailers and owners of cane. For one lot, for labor is saved less men are employed and less houses are built. The cane is cut by a low lake level and for maintenance of navigation by the canal. The canal is a means of holding the lake so high as to allow any kind of a boat to

ENGINEERS POINT CANAL'S RELATION TO FLOOD CONTROL

Statement Descriptive of Area Between Lake and East Coast

SULPHUR, NOT MUCK, BLACKENS SILVER

It is sulphur that makes black the nickels and silver coins that merchants find when they count the money received from their daily sales. So Francis Cross explained when Bob Baker exhibited a handful of brunette coins. Francis says watch chains and fobs are blackened when a man sulphuring beans transfers the mineral to the metal. There is a general idea that much causes the blackening but Francis' explanation probably is the correct one.

MORE BEAN PICKING The number of pickers in fields in the Pahokee district Wednesday indicated that at least four cars would be loaded Thursday and Friday.

LAND OWNERS TO MEET MARCH 11

Annual Election of Supervisor in South Florida Sub District

A supervisor of South Florida, Conservancy District, a sub district of Everglades district, will be elected for a three-year term at the annual meeting of the land owners to be held Tuesday, March 11. The meeting will be held at the office of John West Palm Beach, County, with reference to Review of Senate Document No. 213, now before the U. S. War Department. The statement of the committee of the United States of Engineers, Jacksonville, Florida, in 1928. The committee, of interest in roads are canvassing the county and working for the abandonment. Many of the persons who were so noisy in opposition two years ago have submitted contentions that there will be a story about Ocean boulevard later, as a result of the canvassing, the county will write in future years.

BIG SPRING CROP IS FORECAST BY WORK IN FIELDS

Great Diversity of Farm Production Shown By Rail Records

ESTABLISHES INCOME FOR ENTIRE REGION

Attracts Buyers and Aids in Establishing Good F.O.B. Market

Conscious of the hazards of frost but determined to resist the hazards, farmers in the Lake Okeechobee region are putting in a big spring crop, and the sight of burning brush piles indicates that land is still being made ready for seed, new land being made available for planting by the removal of the native vegetation and its disposal by fire. Whatever the acreage of the spring crop may have been in any other year, it will be as large this season, for although some old land will be laid out, an equal quantity will be brought in.

Three hundred acres of spring tomatoes are being set in the upper Everglades, north of Canal Point, and between Mayaca and Canal Point there is the normal acreage of vegetable land. High lake level is preventing the use of Pelican bay bottom land but this loss of land is compensated by the use of land in other parts of the Pahokee district.

All the land between Pahokee and Belle Glade that has ever been in cultivation will be planted this season with the addition of several hundred acres of new land.

South and west of Belle Glade, tractor teams are plowing ground that was not in use in the fall.

An inch and a half rain Sunday and Monday, general crops in the Glades, hurt beans in low places but did far more good than harm.

More beans will be produced in this spring season than in the fall, for practically all of the ground that carried bean crops between October and January is replanted, to which addition of hundreds of acres is being made.

RAIN DID SOME HURT Crops on the lake front at Pahokee are understood to have been damaged by the rain the first of last week, in fields that are not protected by pumping plants.

CUTS WEEDS ON ROADS State Road Department forces maintaining road 25 at the south end of Lake Okeechobee use a moving machine with rubber tires driven by a tractor equipped to use the road from harm.

PACKING HOUSE LEASED BY HULL FROM MOORE Walter Hull of Plant City has leased the packing house that has been operated by C. S. Moore. Moore will limit his business to local produce and brokerage and "lot purchases."

BETTER OUTLOOK FOR RELIEF FROM TOLLS A "measure to be taken" between Senator A. H. Wagg and John J. Morgan representing the Congress estate looking to the lease of the toll road by a corporation which in turn would lease the road to Palm Beach county.

ISLAND CAR OWNERS GET FART TREATMENT

Seven automobiles and several trucks parked at the tip of Pelican peninsula Saturday afternoon showed a measure of the estimate. Krammer island has with Pahokee, for the cars and trucks belong to residents of the island who park there where they take the boat trip to the lake.

The presence of the cars is a great convenience to persons who do not want to buy gasoline, for the island people report that gas often is stolen from their cars.

Doc Harris says the gas thieves are more gentlemanly now than they used to be, for instead of draining the tanks completely the thieves leave enough for the car owner to get to a filling station to replenish.

DREDGE COMING FOR ROAD WORK

Wilson Bros., Contractors Get Bay City Machine From Huffman

A Bay City excavating machine of the floating type, built by Huffman Bros. of Lake Harbor to Belle Glade to start cleaning out the borrow ditch of Belle Glade-Pahokee road preparatory to entry of a drill barge from which bulk of the material will be removed. The three pieces of equipment this used by Wilson Brothers of Orlando, contractors, who are to rebuild the road for the State Road Department.

The Bay City dredge was leased by Wilson Brothers from Huffman Bros. of Lake Harbor. It was used in the construction of state road No. 25. The machine was stored at Huffman Bros. and used on Wednesday and is coming through the outside channel to Hillsboro canal.

FIRST TOMATOES DUE EARLY APRIL

Plants Still Being Set and Estimate of Acreage Possible Now

It is difficult to judge what the tomato acreage will be in the Canal Point and Pahokee districts this season. The danger of frost, even right up to the ridge, is by no means past. The weather of the spring production can fairly be said at this time, and if the total acreage planted is to be set definitely known, the production of the spring crop will be a matter of the vines. After that comes the question of what the results will take of profitable crops.

Much of the tomatoes in plant in the north and nothing is due in close connection of each field will reveal the presence of all of the vines. The state of growth and the condition of the vines.

Trucks carrying plants went north through Canal Point Friday of last week, indicating that setting was still under way in that region, and on Saturday afternoon plants were being set in a field north of the dike road in the Pahokee district. Up to the middle of last week tomato seed was still being spotted in fields on Belle Glade road south of Pahokee.

A good deal of thinning and cultivating was done in tomatoes last week and this.

T. T. B. LINE A last week the "Atlantic" Co. has been running between Canal Point and Belle Glade, ever since state road No. 25 was opened but the fact is not known.

TO COLLECT LOANS L. E. White, the government official in charge of farm loans, is in Pahokee district to arrange collection from growers.

NEW MARKET REPORT Issuing of a daily report on tomatoes was started Wednesday by the United States Market Service of the Federal-State Market News Service.

BEAN PRICES GOOD The market for beans is better this week. Bountiful up to \$3.50, Valentines around \$4 and Stringers from \$2.50 to \$3.

BIG COUNTY FAIR TO OPEN TUESDAY AT COUNTY SEAT

Carmichael, Manager, Promises Fine Exhibit and Entertainment

HOW SUGAR IS MADE TO BE DEMONSTRATED

Governor Carlton and Commissioner Mayo To Be There, May Speak

With a greater number and wider diversification of exhibits than ever previously offered, the annual Palm Beach County Fair will open Tuesday next, February 25th, and continue for five consecutive days and evenings at Belle Glade.

M. D. Carmichael, president of the fair association, will again be in direct management command and he has with the assistance of County Agricultural Agent M. U. Mounts arranged a really fine and fully representative collection of exhibits ranging from agricultural and horticultural exhibits to domestic science and fancy needle work with an automobile show and a style parade which will be many additional important features.

One of the most interesting of the "how to" exhibits will be that of the Southern Sugar Company which will demonstrate the full process of the conversion of Everglades grown cane into raw sugar ready for the refineries.

Women will be well represented in the domestic science, home economics, cooking, fire arts and needle work divisions while children will be featured in the school, manual training and junior agricultural demonstration sections.

In connection with the fair there will be held a race meet of running horses which will be a thoroughly successful event. The fair and the race meet will be held a race meet of running horses which will be a thoroughly successful event.

On the amusement program planned for the week are a dozen free to the public big time vaudeville acts, all new to this section which will be seen every afternoon and evening in front of the race track grandstand.

LEGION OPENS ARENA AT PAHOKEE MARCH 5

A bill with 36 rounds of boxing has been arranged by Boxing Post of the American Legion to celebrate the opening of its arena in Pahokee Wednesday, March 5, where it is to start a fund for a permanent building.

PAPER TO BE ISSUED BY C. P. WOMAN'S CLUB The issue of The Everglades News of March 7 will be directed by the Canal Point Women's Club, the net proceeds of advertising to go to the building fund. The advertising rate has not been increased although the edition will be extra large in circulation.

DISTON ISLAND DISTRICT R. E. Kurtz of Port Myers and R. Y. Patterson of Clewiston have announced a meeting in Moore Haven of the supervisors of the Island District.

LAKE TOWNS WITHIN SIGHT OF EACH OTHER

Lights of the towns of Moore Haven and Clewiston were observed from Bacom Point road one night last week by Mrs. John Fultz. By the map the distance across Lake Okeechobee from Bacom Point on the southeastern shore to Moore Haven on the western shore was 26 miles. Sight of lights at that distance across water would be unusual and is believed to be due to the state of the atmosphere at the moment. Mrs. Fultz was riding on the Bacom Point road with her husband, the boatman, who is familiar with the location of lake points.

Residents of Kromeau Island say they see the lights of the Clewiston sugar mill almost every night.

GLADES ONIONS

TO MAKE 80 CARS

200 Bushels To Acre Yield Expected; Harvest To Start March 20

Harvest of 84 acres of onions in the Glades district is expected to start March 20, and the yield of graded is expected to be 200 bushels to the acre. Onions are being made to handle the 80 cars of the district's production. T. Grant and E. Hawkins of Pahokee, who are to operate as the Black Goat Produce Packing Company, have bought the Davis packing house at Pelican Lake, formerly known as the Davis O. B. 201, and are constructing an addition 200x200 which will make the building 300x200. An onion grading machine with a capacity of 400 bushels an hour has been bought and will be used in the enlarged packing house.

Mr. Grant says the Pahokee district onion crop will come off 20 days ahead of Laredo, Texas, district, where the crop was set back by a late start. The consequence of the lateness of the Texas crop and by reason of the careful packing and packing methods that are to be used at the Pelican Lake house, the Pahokee district is expected to be highly profitable and to warrant the planting of a larger acreage here next year.

The gross yield in the Pahokee district will be about 200 bushels to the acre. Mr. Grant says, his figure of 200 bushels being his estimate of No. 1 onions. This will be above the government estimate of the yield in the Laredo district.

RAIN DEFICIENT BUT LAKE RISES

May Be Help In Bottom Let Water In As Well As Out For Irrigation

Rainfall at Kissimmee, at the head of Kissimmee river, in December was 40 inches. The water to the Weather Bureau report, in this was nearly one inch below normal. The Normal rainfall at Kissimmee was 1.20 inches, and this was three-quarters of an inch below normal. Yet the chobee did not rise, as it usually does.

Elevation of the lake is beginning to cause apprehension and comment is made that if the lake remains on deficient, rainfall it is likely to go to flood stage in the rainy season. There may be springs in the lake, after all, as was generally believed in the early days.

Persons who think the lake can burst irrigate land if it is at high level argue there are openings in the bottom of the lake through which water passes to run in underground rivers. And they say it may be there are openings in the bottom of the lake through which water is coming in.

SHRUBS, FLOWERS, LAWN BEAUTIFY SOUTH BAY Grounds of the public school at South Bay are being graced by shrubs and flowers are being planted. The school is in the hands of the other side of the road, where it is a fine part of Denton's store and at Jewell houses adjacent the lawn and flower beds.

REAL ESTATE TRANSFERS WD-Florida Sugar Co., Inc. to Geiger, of Canal Point, Fla. 28 and 2, 3, 3, Pioneer Investment Co., of Canal Point, being a part of No. 33, 34-31-37.

Geiger and Mrs. J. J. W. L. Geiger, his husband, to J. J. Geiger and Mary F., his wife, of J. J. Geiger, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

ALL LAKE STATIONS SHIP VEGETABLES IN SOLID CAR LOTS

Total Acreage To Be Fully As Heavy As In Any Former Season

PLANTING OF BEANS IS USUALLY HEAVY

Clearing of Land Is Sign Normal Acreage Will Be Maintained

A car of mixed vegetables rolled from Okeechobee February 14, with a car of celery from Shawano on the 19th, included in the list of vegetables from the Everglades this week, shows how widespread the distribution of production both as to varieties and districts. The significance of this, with shipments of cabbage, carrots, potatoes, peppers and beans, is that no certain commodities or varieties, other districts can prevent the inflow of money, for though one district may fail in production or the markets not take certain commodities or varieties, other districts can supply crops for which there is demand.

The reports of car loadings do not show any forwardings of lettuce this week but as Brown Company at Shawano on Hillsboro canal has a large acreage in good condition, that is another item in the list of diversified Everglades production. Romaine was shipped this week from the Pahokee district, also peppers. Good f. o. b. market is maintained by the diversity of products, the "mail order" and brokers being enabled to fill orders for a wide variety of vegetables.

The number of cars rolled from the Florida East Coast stations in the Lake Okeechobee region this week showed a decline from last week, as was inevitable in the period of passing from the fall crop of the spring crop, but the decline had no other effect than to raise prices. The number of pickers seen in the fields Wednesday indicated that the production will increase next week but it will be two weeks before the movement is heavy.

LARGER EXPRESS SHED An extension has been built on the express shed at the Canal Point station and the platform has been lowered for easier loading into the cars. Largely increased express business required the improvement.

MAYACA POWER SPRAY A spray machine with engine attached was received at Canal Point station for the Mayaca Company, farming 800 acres on St. Lucie canal at the lake.

BANK OF PAHOKEE

DEDICATED TO SERVICE
IN THE EVERGLADES

PAHOKEE

Mr. and Mrs. W. E. Swain were the guests of Mr. and Mrs. W. L. McGuffin in Okeechobee Sunday.

Mr. and Mrs. Gold of New York City visiting Mr. and Mrs. Herman Gold and family of Pahokee.

Some cases of chicken pox are reported. All the patients are believed to have recovered now.

The "Scandals of Pahokee," in which are rehearsing their latest presentation to be held in connection with the play, "The Hound," in the Pahokee auditorium.

"Scandals" are composed of Miss Betty Rufford, Becky Bass, Juanita Spooner, Alice Padgett, Adine Wilder, Nettie Jones and Vancie Spooner. The chorus is directed by Mrs. Mabel Katz, with Miss Pauline Rufford at the piano. The singing is in charge of Mrs. Evelyn Smith.

Mrs. W. P. Crosby and babies who have been visiting her parents Mr. and Mrs. J. J. Jones, have returned to their home in Qitra.

Miss Margaret Jones, who has been ill for the past two weeks, is able to be in school again.

Mrs. A. E. Crawley has returned from Sarasota where she has been visiting friends and relatives.

Lorraine Tidwell, Alice Padgett and Becky Bass entertained Thursday night with a party at the home of Lorraine Tidwell.

Miss Layde Thompson and Clyde Crosby visited in Stuart and Indian town Sunday.

Miss Layde and Ortha Thompson accompanied their brother Frank to Miami and Homestead Tuesday.

Mrs. Elvin A. Bass of West Palm Beach has moved to Pahokee.

Mabel Padgett, who has been ill for the last few days, is able to be up again.

Ralph Reed of West Palm Beach has been visiting in Pahokee the past week.

The Booster Class of the Baptist church met at the home of their teacher, Mrs. Caruthers Monday night. The Go-Gutters were the losers in the Sunday school campaign. Definite plans and arrangements were made for a party for the Lucky Leaders being the winners. Miss Layde Thompson presided in the absence of Rupert Mock.

The Go-Gutters of the Baptist church thank each and every one that were so helpful in their enrollment campaign. We want you to help us make our Sunday school the best in Lake Okeechobee.

WOMAN'S CLUB SOCIAL

The monthly social program of the Woman's Club which was rendered Monday afternoon at the club house in Pahokee was preceded by a short business session, at which Mrs. J. P. Chandler, the president presided. Presentation of fifty beautifully engraved copies of the club color in the club colors of purple and gold was made by Charles H. Barfield, proprietor of the Pahokee job print shop, and report of the benefit bridge party recently held at the club house when many donations were made and \$10 cleared. A standing vote of thanks was made for the many who were made for the committee.

L. Shirley and the ladies who sold tickets, and to the various donors, especially the Southern Dairies for the ice cream. Mrs. Lucille Williams turned over \$27.85 proceeds from the "Slim Jim" show which the club sponsored lately.

Miss Lila Barfield handed in \$2 from the Primitive Baptist church building Sunday and Mrs. J. W. Cochran reported an \$7.50 dues received and a balance of \$57.60 in the treasury.

A letter was read from the West Palm Beach Woman's club in regard to the fair and Mrs. J. P. Chandler, Mrs. A. Hansen, Mrs. Giller and Mrs. J. A. Hughes were added to the committee appointed at the last meeting to serve at the fair on Saturday, March 1.

The social program was in charge of Mrs. K. Lutz and was a patriotic nature since it was under Washington's birthday. The singing of Yankee Doodle by all the members and the reading of the club collected began the program.

PAHOKEE SCHOOL

EDITORIAL STAFF
Editor-in-chief, Otis Vinson.
Society editor, Park Wilder.
Joke editor, Julian Chandler.
Athletic editor, Leon Spooner.

W. E. Riggs of West Palm Beach, gave about three hundred volumes of books to Pahokee high school. Included among these were two sets of encyclopedias and the complete works of Shakespeare. It came as an individual gift and a very valuable addition to our library.

The games which were played last Friday night, Feb. 14, were two of the most interesting which have been played this year.

The expectation was that the Athletic Club of West Palm Beach would easily defeat the Pahokee girls, but it took only a few minutes of play to show that the Pahokee girls really knew how to play basketball. The game was exciting from start to finish, and the Pahokee team stayed in the lead all the way through the game. The final score was 15 to 9 in favor of Pahokee.

The boys also played a good game, showing much better pass work and team work than in the game a week ago. The sugar mill played a good game, but the Pahokee boys were a little too fast for them. The score was 14 to 10.

The "Girls" Athletic Club of West Palm Beach also played the eighth grade boys of Pahokee and lost to them also by a score of 11 to 4. This game was played by boys' rules.

The line-up for the games was as follows:

Girls
Park Wilder, Imogene Sanders, forwards; Ina Mock, Marjorie Cochran, centers; Ruth Simmons, Ureba Jones, guards; Nettie Jones, substitute.

Boys
Otis Vinson, Leon Spooner, forwards; Larkin Spooner, center; Stewart Spooner, John Padgett, guards; Joe Pasco Parker, Dan Padgett, substitutes.

Ruth Simmons spent the week end in Lake Wales.

Mr. Langford has been absent from school several days this week on account of illness.

Marjorie Cochran was absent from school several days this week on account of illness.

Edna Pearl Wheeler returned to school Wednesday after several days' absence.

Mr. Jiles, janitor of Pahokee school, has been ill this week with chicken pox.

Mrs. Crutcher has been substituting for Mr. Langford this week and last week.

Miss Pauline spent Saturday in West Palm Beach.

Walter Owens has been absent several days this week on account of illness.

SIXTH AND SEVENTH
The First Club met Monday afternoon to decide on the director for an symphony on the occasion of the illness and death of Grover Upthegrove, aged 22, who died at Broom Point of pneumonia poisoning. Grover had been a Pentecostal evangelist for several years.

The funeral was conducted by W. A. Baxter and W. M. Austin and burial was made at Upthegrove Beach. Grover leaves a widow and two children.

The American Automobile Insurance Association, Orlando, Fla., has paid, since April 1, 1929, the following local claims:

J. H. Barwick	\$445.70
J. A. Hughes	200.00
H. Bore	178.15
W. E. Dark	143.00
Mrs. R. T. Stations	120.00
O. B. McClure	104.00
A. P. Barwick	85.00
L. L. Rutledge	80.00
L. L. Stuekey	75.00
B. D. Robinson	60.00
J. D. Williams	49.00
T. W. Knight	40.00
W. M. Bloom	40.00
J. P. Jenkins	20.00
J. W. Cochran	27.00
D. S. Spooner	20.00
J. R. Poland	18.00

As Local Representative I have sent in as premiums above \$3,000; my commissions have been about \$500. My company, my customers and myself have all made money. The only ones that lose are those that do not insure with me and my American.

class was especially interested in monkeys and alligators though the boys and the jaguar ran a close second.

John Hawkins, by common consent, the class secretary, has written and secured for us an eye chart and a body chart.

J. J. Jones
Mrs. York: "What is the formula for water?"
John Cochran: "I. J. K. L. M. N."
Mrs. York: "What?"
John: "T. J. K. L. M. N."
Mrs. York: "That's not what I said."
John: "Didn't you say 'H to O'?"

Mrs. Lutz: "What can be done with the by-products of gasoline?"
John Hawkins: "Usually they are taken to the hospital."

"William the Conqueror," read James in his history, "landed in England 1066. A. D."
"What does A. D. stand for?" asked Miss Pauline.
John: "Anno Domini. 'I don't exactly know,' he said. 'May be it means 'after dark.'"

Stewart Spooner: "Heard of the land in poison?"
Lewis Friend: "No, what is it?"
Stewart: "Airplane poisoning. One drop is sufficient."

Miss Pauline: "What does 'ret' mean?"
George Cranford: "The king flees."
Miss Pauline: "Make it a perfect tense by using 'has'."
George: "The king has flees."

Bank of Canal Point

CANAL POINT

Roy Lewis made a business trip to Arcadia and Brandon Thursday.

P. E. Williams spent last week in Miami visiting friends. L. G. Williams and nephew Babe Williams, who were visiting relatives in Register, Ga. They will visit relatives and friends while in Georgia.

Mrs. M. J. Bryan of Lake Placid is visiting her daughter, Mrs. E. Simmons this week.

Horace Lowe who has been working in Okeechobee for some time, left last week for South Carolina where he will remain on a job.

Paul C. Filly, Jr. of Grantwood, N. J., arrived Thursday to attend the funeral of his father, Mr. Filly, who died last week. He will remain a week or more before returning home.

Mrs. Mary Marshall, house guest of Mr. and Mrs. Clinton, Clark, for several weeks, has returned to her home in Boston, Mass.

Mr. and Mrs. E. J. Simmons and family spent Sunday in Lake Placid visiting friends and relatives.

UNION CHURCH NEWS

We had a number of absentees besides those due to the rain last Sunday. Our Sunday school was well attended and his wife, Mr. Y. P. U. Superintendent were out of which is quite good under the school teachers.

However the report shows an attendance of 21 at Sunday school, which is quite good under the school teachers.

Let us make a drive for improved attendance next Sunday evening at 6:30 as we are interested in selecting a good piano for our use. The optimists in the congregation think it will be a success.

Others among us think that an inferior piano is all our young folks need until we have some other things we need more.

Let us make a drive for improved attendance next Sunday evening at 6:30 as we are interested in selecting a good piano for our use. The optimists in the congregation think it will be a success.

Let us make a drive for improved attendance next Sunday evening at 6:30 as we are interested in selecting a good piano for our use. The optimists in the congregation think it will be a success.

C. P. SCHOOLS

Anna Lee Boynton and Clara Fraser made up 48 bags of fudge Tuesday which cost \$1.40. They sold it Wednesday at recess and noon and made \$3.55. This money is for the Junior Red Cross fund. The girls will sell more candy from time to time.

Rev. Wm. Jesse Thomas gave a talk at chapel last Friday. Mr. Chaffin's room gave a program on Abraham Lincoln and Mr. Thomas gave a very interesting talk on the subject. Grace Mahan gave "Abraham Lincoln Walks at Midnight" and Mattie Lou Snyall told of his first sweetheart.

At the P. T. A. meeting last Monday night, it was decided to go out with plans for a ninth month of school if it is possible to finance it.

Margaret Jones back at school this week and feeling much better.

Mary Baker is absent on account of illness at Canal Point.

C. L. Wilder is still having to absent occasionally on account of visits to the doctor.

Mrs. Johnson was quite ill last week but is now feeling much better.

The Canal Point high school basketball team played the Boynton girls Friday night, Feb. 14, at the Canal Point court. The score was 27-25 in Boynton's favor.

The game was so close that it was very exciting.

The boys also played a good game. The score was 15-12 in our favor.

There will be a game with Pompano both boys and girls—Friday night.

Perhaps if all the home rooms had known that Mac is giving a prize to the class who can always have worked harder. It is rumored that the first grade will get the prize.

The school fair will be Tuesday, Feb. 25.

The funeral was held in the newly-completed church building that was being erected under his supervision.

Mr. and Mrs. Filly came to Canal Point in 1922 and surrounded with many difficulties and built up a strong congregation and twice he rejected assignments to other churches, including District Superintendent Schuyler E. Garth, who conducted the service and Mr. Garth preached a sermon that showed intimate acquaintance with Mr. Filly.

I'd Walk a Mile For a "RAINBOW" (WOULDN'T YOU?)

Grady Miller and brother Lenon of South Bay made a trip to Fort Pierce Sunday.

WOMAN'S CLUB The regular social meeting for the Canal Point Women's Club which was to have been Tuesday afternoon, Feb. 18, at the home of Mrs. W. H. Vann, was called off on account of the death of Rev. Filly.

The meeting will be held at the home of Mrs. Vann Tuesday afternoon, Feb. 20. The program committee has planned a "Washington program" for this time. All members are asked to be present.

CARD OF THANKS We wish to thank our friends who extended sympathy and aid in our bereavement in the death of our dear husband and father.

THE FAMILY Grady Miller and brother Lenon of South Bay made a trip to Fort Pierce Sunday.

PAGE FIVE

NEWS FROM AROUND THE BIG LAKE

SOUTH BAY

Feb. 18. The B & B store was very busy Thursday moving its entire stock of goods from the old site in the Freshmen-Crocker building to the new quarters in Belle Glade.

Mr. Sheehan, who was the agent for the Florida East Coast road here, has resigned from the service and has returned to New Smyrna. The new agent, Mr. Hamilton, arrived this week from Okeechobee and at once assumed his duties. He expects to be joined by his family in the immediate future. His wife is now in Sanford, where she went to superintend the removal of their furniture which has been stored at that place for some time.

The picture show which was held as usual at the school house on Tuesday evening had an excellent crowd and was much enjoyed. The picture was in the nature of an expose of gangster methods.

The orchestra of the community Sunday school has been cutting in some extra practice this week during the noon hour at the school house. The members are working hard on some new music which they expect to play at some of the community entertainments in the near future.

Miss Geraldine Barslow was a guest of Edna Squires at the M. D. Hardy home Thursday evening after school.

The A-H Club met at the school house Thursday afternoon when Mrs. Edith Barras, home demonstration agent, and Mrs. J. C. Denton, assistant, present and in charge of the meeting. The chief attraction of the afternoon was cold water diving of curtains and table covers in mortified outfits. Mrs. Denton gave out zinnia seed to the girls to be planted now in expectation of the "flower show" to be held in July. Those who expect to have exhibits at the fair in Palm Beach on Tuesday, February 26, must have them in by Friday, February 21. The members present at this meeting were Edith Williams, president, Alice Willis, song leader, Margaret Hooker, Lavon Parker, Phyllis Sherman, Clara Belle Morris, Julia Crocker, Ruby Crocker, Edna Squires, Geraldine Barslow, Opal Franz, Victoria Chancellini and Sally Taylor.

The social event of the week among the younger set was a Valentine party given by Alice Willis to a group of her young friends at her home Thursday. The guests were entertained during the evening by games and at an appropriate hour light refreshments were served. Valentines were presented to each guest by the hostess and an exchange of Valentines also took place between the various guests. Those present were Opal Franz, Ruth Hoek, Raymond Wilder, Edmond Crocker, Lillian Walker, Willie Boots, Dale Danks, Verne Dotts, Glendon Barslow, Valpeau Denton, Alberta Webb, Lucille Hefert, Harold Hawkins, Edna Willis, Bonnie Gardner, Arthur Stewart, Floyd Wilder and Alice Willis.

The Boy Scouts held their regular meeting at the school house Wednesday evening. Professor Koyker and V. C. Denton were present to conduct the meeting. The chief business of the meeting was signal practice and each member

her present was given a lesson and practice in wigwagging. Those present were Willie and Verne Boots, Floyd Wilder, Valpeau Denton, Edmond Crocker, Harold Hawkins, Glendon Barslow and Dale Danks.

Miss Catherine Clark, who holds a nice position in Miami, is spending a few days in South Bay visiting her father, Harry Clark, and aunt Grace and family.

A collision between two cars, both driven by negroes, near Belle Glade Thursday evening resulted in the severe injury of three of the occupants of the cars, a young child who was cut and bruised badly and injured internally and a man who was cut and injured so badly that it was not thought that he could survive the night.

The women's home hygiene class met on Thursday, February 13, at the home of Mrs. H. C. Willis. Miss Synhorst was present and conducted the lesson and demonstration.

The regular meeting of the 441 Club was held Thursday. Mrs. Barras demonstrated diving. She also reported on the coming meeting. Most of the girls are planning to have exhibits at the fair next week.

The South Bay Ladies Aid will have an entertainment in the auditorium on Friday night. Several of the high school pupils will take part.

Margaret Willis' presence in school is missed and we hope she will soon recover and be with us again.

Rev. Rickens of Pahokee Baptist church, gave a lecture with illustrated pictures on "Crimes of Man" here Friday night. It was well attended and we hope this is not the last.

Ruth Hoek and Alice Willis entertained several of the younger set at the Willis home Thursday night. It was a Valentine party.

The eighth grade has been using one of its periods to reset grass in the school yard. They have accomplished a surprising amount of work.

JOKES
Mr. Koyker: "What is the name of an animal that is something like an ape but somewhat smaller?"
Alice: "Me?"
Mr. Koyker: "Yes, now name another."

Mr. Koyker: "What is the matter Melvin, are you sick?"
Melvin: "No sir, I was just fixing to sneeze."

Miss Plank: "Charles, you should never do anything which you'd be ashamed for the world to see."
Charles: "Huhrah! No more baths."

100,000 TOMATO PLANTS
Francis & Taylor at Lake Shore Supply Co. have 100,000 more tomato plants than they will use and these plants are for sale.

BELLE GLADE

Miss Lavon Parker was hostess for a Valentine party held at the home of her parents, Mr. and Mrs. George Parker Thursday evening. Appropriate decorations formed an attractive setting for the entertainment. The most popular game was "Hearts" with Eric Hartline winning high score and Margaret Hooker low score. Late in the evening delicious refreshments of sandwiches, heart-shaped cookies and punch were served. Those present were Misses Betty and Edith Willis, Ruby and Julia Crocker, Dale Danks and "B" Denton from South Bay. Mrs. Frank Stallings, Misses Margaret Swango, Lattie Lee Swango, George Frank, Althea Alsimpa, Ina Lee Swango, Elizabeth Authors, Gertrude Wright and Clara Belle Morris of Belle Glade; Messrs. Meade, Billie and Frank Willis, Eric Hartline, Noel McAlister of South Bay; Maurice Wilson, Frank Stallings, James Marshbanks, Hiram, Charles, Richard, Frank Kruse, Jimmie Taylor, Clyde Burns, Francis Harris, Clyde Miller, Fritz Smith, Johnnie Sime, Albert Shuler, Rufus Britain, George Swango, Lattie Lee Swango, Albert Kruse and Jimmie Lester of Belle Glade. The guests departed with the most enjoyable events of the season.

The class in home hygiene and area of the sick met at the home of Mrs. J. Morris Thursday morning. The fifteen ladies present enjoyed the instructive lesson conducted by Miss Synhorst.

Mrs. Louis T. Creech, Jr., entertained the Tuesday Bridge Club at an elaborate Valentine party Friday afternoon observing the birthday anniversary of Mrs. Allen Greer. The rooms were beautifully and tastefully decorated with hearts and cupid, and the Valentine idea was cleverly carried out.

The class in home hygiene and area of the sick met at the home of Mrs. J. Morris Thursday morning. The fifteen ladies present enjoyed the instructive lesson conducted by Miss Synhorst.

The past week an engine and pump have been installed by the city for the purpose of pumping water for fire fighting. Five hundred feet of full size hose has been purchased and the equipment with the engine pump 250 gallons of water per minute. A large and powerful engine is available. The bell formerly used by the community church is to be set up for sounding a fire alarm and the use of this equipment should make the recurrence of a disastrous fire impossible.

Mr. and Mrs. J. T. Davis left Belle Glade Wednesday to make their home in New Smyrna. The Davis couple have been employed by H. L. Douglas, but plan to go into business for themselves in the near future.

The Tuesday Bridge Club met this week with Mrs. Robert Blakey. The members present were Messrs. E. E. Lester, N. N. Stas, W. E. Brown, Allen Greer, J. C. Creech, Jr., D. T. Walters, Lawrence Bessent, George Woodard, K. C. Alston and F. L. Rutledge.

OKEECHOREE

From The News, Feb. 14. The Okeechobee Women's Club met last Friday afternoon in their clubhouse with the president, Mrs. M. J. Lingo, presiding. The nomination committee made their report and officers were nominated to be elected at the meeting Feb. 21. Mrs. W. A. Lawson and Mrs. F. W. Zander had charge of the program. Miss Fleeta Jennings gave an interesting talk on religious literature. Miss Nancy Massey spoke on literature in general.

Mr. and Mrs. I. E. Hamilton and baby daughter have gone to South Bay. Mr. Hamilton is with the F. E. C. and has been transferred there.

Mr. and Mrs. Frank Chandler are the proud parents of a fine 13 pound boy born Thursday, February 13th. Mother and baby doing nicely.

Bob Lamb, who has been working at South Bend, Ind., for several months, returned home with a week for a visit.

Mrs. Walter McGriff is spending this week in West Palm Beach with Mr. McGriff in a "Tahiti" style.

Leonard H. Underwood left here recently for Tampa, where he is expected to enter the U. S. Army. He is now stationed at Fort Benning, Ga.

L. V. Vernon, for several years local manager of the Western Union, was promoted this week to the management of the Fort Pierce office. D. F. Kelly succeeded him here.

Mr. and Mrs. J. T. Davis left Belle Glade Wednesday to make their home in New Smyrna. The Davis couple have been employed by H. L. Douglas, but plan to go into business for themselves in the near future.

"Good Will--"

is the disposition of a customer to return to the place where he has been well treated."

—U. S. Supreme Court.

SINCE the day The Palm Beach Mercantile Co. opened back in 1884, it has striven to maintain the Good Will of its patrons along the exact lines of this definition by the United States Supreme Court. It has been our constant aim to treat every customer so courteously that he or she will make this "Big Store" the headquarters for all of his or her purchases.

In quality, price and service we have striven at all times to out-distance competition, and we have succeeded. It is because we have the Good Will of thousands that this institution continues to grow and to prosper. You are assured, always, of the kind of service that inspires Good Will.
